

Dear colleagues, fellow healthcare workers, and friends,

We would first like to extend a sincere thank you to all of you for your work during this challenging time. It is perhaps more important than ever that we combine our efforts to support the people of Brooklyn, as well as their families and each other.

It is our goal, as always, to be a good partner to all of you. We are working on ways to coordinate response efforts and support services for our partners. If there are ways that we can be helpful to you and your staff at this time, please do not hesitate to reach out to us at (718) 355-9693 or support@ccbbrooklyn.org.

Please find below several resources to help protect our partners and our community in response to evolving health concerns around COVID-19.

COVID-19 RESOURCES

Providers and provider offices that need to contact the New York City Department of Health and Mental Hygiene for consultation or to report a suspected COVID-19 case should call the provider access line at (866) 692-3641.

The most up-to-date guidance from about COVID-19 is available on the [NYS DOH COVID-19 website](#) and [NYC DOH COVID-19 website](#).

Maimonides Medical Center is also regularly updating a COVID-19 response site at <https://mmccovidinfo.org/>.

Information on Medicaid coding, reimbursement, and coverage policy for COVID-19-related services and guidance on telephonic communication services during the current State of Emergency from the New York State Department of Health can also be found [here](#).
