## Addressing

### Findings

- **30.6%** of the population had health issues at 26 years, while **19.0%** of the population had health issues at 18 years.

### NYSHealth, LegalHealth, and CCB Members

- **54.0%** of those engaged in the CCB program were referred by NYSHealth.

### Living with a Legal Issue

- **51.5%** of individuals have engaged in an eviction, tenant mediation, or landlord mediation.

### Legal and Health Interventions

- **2592.0x1296.0**

### MODEL COMPONENTS

**Training Clinical Providers to Recognize Patients’ Social Needs**

- **CGI, New York State’s Training and Education Fund, and NYSHealth** have developed two curricula: “Housing, Income, and Insurance” and “Behavioral Health.”

**LegalHealth** and **HCAP** provide training to healthcare workers on the social determinants of health that can be addressed through legal services, as well as a health care provider's role on behalf of the legal team and how to identify the patient at which intervention is necessary.

**NYLAG** provides training to its staff on the importance of cultural competency.

### Central Triage and Referral System

- **36.5%** of those referred to the program by **NYLAG** received a referral.

### Facilitating the Operation of a Legal Assistance Clinic

- The **Cohort 1** data are available at the end of the implementation period. The **Cohort 3** data include information on the **Cohort 3 (Housing Need)**.

### Issues That Can Be Addressed Through the CCB-NYLAG Clinic

- **Gestational age, race, and income**.

### Health and Utilization Data for Members Engaged by Clinic

- **Data from 2001** are available to the CCB-NYLAG Clinic at the end of the implementation period.

### CONCLUSIONS

- **Cohort 2 (Pilot Year Months 1-6) (n = 34)**

### Health and Utilization Data for Members Engaged by Clinic (cont.)

- **Consented Client Data on Legal Interventions (Year 2 of Implementation)**

### Israeli Health, Utilization, and Activity Data for Members Engaged by Clinic

- **Data from 2001** are available to the CCB-NYLAG Clinic at the end of the implementation period.

### Consented Client Data on Legal Interventions (Year 2 of Implementation)

- **Cohort 5 (Control Group-Did Not Attend Appt.) (n = 46)**

### Health and Utilization Data for Members Engaged by Clinic (cont.)

- **Cohort 4 (Control Group-Did Not Attend Appt.) (n = 11)**

### Health and Utilization Data for Members Engaged by Clinic (cont.)

- **Cohort 3 (Pilot Year Months 7-12) (n = 62)**

### Monitoring of Program Delivery and Evaluation of Outcomes

- **Data from 2001** are available to the CCB-NYLAG Clinic at the end of the implementation period.

### Health and Utilization Data for Members Engaged by Clinic

- **Data from 2001** are available to the CCB-NYLAG Clinic at the end of the implementation period.

### Health and Utilization Data for Members Engaged by Clinic (cont.)

- **Data from 2001** are available to the CCB-NYLAG Clinic at the end of the implementation period.

### Health and Utilization Data for Members Engaged by Clinic (cont.)

- **Data from 2001** are available to the CCB-NYLAG Clinic at the end of the implementation period.

### Health and Utilization Data for Members Engaged by Clinic (cont.)

- **Data from 2001** are available to the CCB-NYLAG Clinic at the end of the implementation period.

### Health and Utilization Data for Members Engaged by Clinic
